### “Class to Clinic”- Clinical Excellence Webinar series

**“He must investigate what is to be cured in disease and know what is curative in the various medicines, in order to be able to adapt the latter to the former and must also understand how to preserve the health of human beings.”**

NICE announces one of its kind of webinar series to empower the clinical skills of clinician to transform him/her to be a true practitioner of the healing art – HOMOEOPATHY.

Various topics from the Triad of Homoeopathy – ORGANON, MATERIA MEDICA & REPERTORY are picked up and explicit understanding of the cores themes of Homoeopathic practise will be provided in an attempt to bridge the gap between the CLASS TO THE CLINIC, BOOKS TO BEDSIDE.....

We are launching the Workshop series with the most captivating and pivotal subject MATERIA MEDICA – the *Magnum Opus* of Homeopathy.

Study of a remedy picture is easy as we know what remedy we are studying.

Studying the patient in clinic with either plethora or dearth of symptoms is not the same scenario. It is indeed a cognitive process of remedy quest - *A Treasure Hunt*

*Ready to open the Pandora box??*

**Inaugurating the series with most gripping topic in  
Homoeopathy**

## **Rare & Uncommon Prescription**
